University of Illinois at Urbana-Champaign (UIUC)
Student Sustainability Committee

Re: Request for funding from the UIUC Sustainability / Clean Energy Technology Fees
Project: Green Link At School of Art + Design and Krannert Art Museum
Applicant: Nan Goggin

Dear Nan:

On behalf of the Student Sustainability Committee for the University of Illinois at Urbana-Champaign, I would like to thank you for responding to our call for proposals to use funds raised by the student Clean Energy Technology and Sustainability Fees to implement a project that improves the sustainability of our campus. Each proposal was evaluated based on its sustainability impact (i.e. energy or sustainability impact, campus presence, project longevity, and budget) and broader impact (i.e. education and creativity).

The Committee is pleased to inform you that we are recommending to the Office of Sustainability that your project (to construct a green roof atop the Link Gallery between the School of Art + Design and the Krannert Art Museum) be **funded in part in the amount of \$63,900, with the following requirements:** 1) that financial support is obtained from Facilities and Services for the remaining cost of the project, 2) that outreach, education and publicity for the project take place and indicate the support of the Committee, and 3) that the project be completed by April 2010, and any unspent funds revert back to the Student Sustainability Committee. If the project is not completed by the target date, you may apply for an extension. If you have any questions regarding these requests, please contact us at sustainability-committee@uiuc.edu

The Committee will contact you when the Office of Sustainability officially approves this project. At that point, we will discuss the Committee's protocol for financial and progress management to complete this project, and make arrangements for transfer of funds. As previously discussed, semesterly updates and account statements describing how funds are being used will be required in addition to a final report on project completion.

Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

Sincerely,

Suhail F. Barot
UIUC Student Sustainability Committee, Chair
