Nicole,

Please work with Bev at ECE to transfer \$500 (from U4R) to support the Illini Solar Car project.

Thanks,

Aaron

Hello,

Thank you! Your funding will certainly help us in getting more work done at this stage.

To answer your question,

i) We were allocated \$5000 matching fund from Engineering Design Council. We are also requesting funding from other departments(Aerospace Department, MatSE Department, Physics Department and Nuclear, Radiological and Plasma Engineering Department) but we have yet to hear from them yet. We will apply for funding from the ECE Department after spring break. MechSE's funding period is in Fall so we'll apply during that time.

ii) We have a departmental account(or gift account) in the ECE Department. One of our faculty advisors, Professor Varodayan is overlooking that account for us. For funding transfer, please contact Beverly Curtis(bcurtis@illinois.edu), the business manager in the ECE office.

I hope I answered your questions well.

Besides, would you like us to keep you updated on our progress?

Thank you for your time,
Jye Sze

Hello,

On behalf of Department Head Rob Rutenbar, and the department of Computer Science, we'd be happy to help sponsor the Solar car team this year. A few questions if I may, what other academic departments are helping sponsor this event, and at what amounts? As well, which department houses the team and who would we work with to arrange the funding transfer?

Thanks,
Aaron

Dear Ms. Stahl,

Sorry for not clarifying in my previous email but we would like to request for \$500 from the CS Department. This money will be used to purchase materials and tools to facilitate our team members learning.

Please tell me if you think we are requesting too much.

Thank you for your time,

Jye Sze Lee

Dear Ms. Stahl,

Thank you for taking time to talk with me last Friday about possibility of Illini Solar Car to receive financial support from the Computer Science Department.

Please find our proposal in the attachment of this email. Please also feel free to contact me should you need more details.

I appreciate your help in conveying our request to the right person and I look forward to hearing from you.

Sincerely,

Jye Sze Lee

Illini Solar Car Vice President External
