

Funding Award and Acceptance Letter

December 7, 2011

Applicants: Gary Miller and John Marlin

Project: Natural Resources Building Sustainable Plant Production and Pilot Prairie Garden

Re: Change in project scope

Dear Mr. Miller and Mr. Marlin:

On behalf of the University of Illinois at Urbana-Champaign Student Sustainability Committee (SSC), we would like to thank you for responding to our call for proposals to use funds raised by the Sustainable Campus Environment Fee to implement a project that improves the sustainability of our campus.

SSC is pleased to inform you that the change in scope to your project has been approved. Because the project will no longer incorporate the "photo and video documentation," it will receive **\$14,500 (\$20,000 - \$5,500 designated for "photo and video documentation") in grant funding with the following requirements:** 1) That you include significant student involvement in this project; 2) That the project be enacted as discussed in the proposal (with the exception of the photo and video documentation).

In addition, the project must meet the following requirements:

- 1) All funds must be spent by May 31, 2012
- 2) A final report of all work completed should be provided by June 30, 2012
- 3) Project status updates and detailed account statements must be provided at the end of each semester until the project is completed
- 4) Any substantial modifications to project scope, budget, or timeline must first be approved by SSC
- 5) All projects will be expected to follow campus policies and procedures as well as any applicable State and Federal Laws

Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

Sincerely,

Marika Nell
Chair, Student Sustainability Committee
