The Chancellor is not able to attend the iCAP Forum, but we will likely get a mass mail sent from her releasing the 2015 iCAP and inviting people to the forum. The iCAP is all ready to go with a very nice cover letter from the Chancellor. Perhaps, we can get the Vice Chancellor for Research to do the welcome at the forum.

The iCAP Working Group reviewed each of the SWATeam's presentations for the forum. Stephanie will forward comments and corrections to the SWATeam chairs.

Ben provided a brief introduction to the Climate Leadership Commitment which has broken down the full commitment into two separate ones; the Carbon Commitment and the Resilience Commitment. Our campus is already rolled over to the carbon commitment, and needs to decide if we want to sign the resilience commitment. The iWG is ideally positioned to help inform the campus leadership about whether to sign it.
