

# iWG Assessment

SWATeam Recommendation Ref #: PWR002

Date of iWG Assessment: 05/04/2015

---

Original SWATeam Recommendation:

We recommend that campus buildings standardize the signage on landfill and recycling bins. The signage should be color-coded and consistent throughout campus. Using the color scheme created by Recycle Across America is advised.

iWG Assessment of budget and policy impacts (*check one*):

moderate budget and/or policy impact      OR       major budget and/or policy implications

iWG Routing Need (*check one*):

more detailed study    OR     transmit recommendation    OR     forward to Sustainability Council

iWG Routing Direction (*department name, SWATeam, or Council*): Facilities & Services

iWG Recommendation:

The iWG endorses this recommendation, but notes that recycling signage in some buildings is not controlled by F&S; we request that F&S compile a list of other entities on campus to whom this recommendation should also be transmitted.

Individual comments are required from each iWG member (can be brief, if member fully agrees):

iWG Member Name	iWG Member's Comments
Ben McCall (iSEE)	I agree with this recommendation.
Morgan Johnston (F&S)	Agreed.
Lowa Mwilambwe (Student Affairs)	Agree.
Matthew Tomaszewski (Provost's Office)	Agree.
Nancy O'Brien (Academic Senate)	Agree.
Drew O'Bryan (Student Sustainability Leadership Council)	This is an excellent step for creating a culture of waste reduction on campus.
Kevin Duff (OBFS)	This is a good idea but unless funded from an outside source, this undertaking may need to be done over time as signs are replaced.
Rob Fritz (college-level facility manager)	[Concurred, but unable to offer detailed comments.]

Attach any comments from subject matter experts (with names and roles).
