

SWATeam Recommendation

Name of SWATeam: Transportation

SWATeam Chair: **Yanfeng Ouyang**

Date Submitted to iSEE:

Specific Actions/Policy Recommended (a few sentences): The chair of the Transportation SWATeam will serve as a voting member of the Parking Advisory Committee.

Rationale for Recommendation (a few sentences): The work of the Transportation SWATeam and the Parking Advisory Committee is closely intertwined. Giving the Transportation SWATeam representation in the Parking Advisory Committee will help foster transparency, coordination, and collaboration between these campus units, thereby helping the University to pursue its sustainability objectives related to campus transportation.

Connection to iCAP Goals (a few sentences): Parking is an important part of the campus transportation system, and the chair of the Transportation SWATeam could serve as an advocate for iCAP sustainability goals within the Parking Advisory Committee.

Perceived Challenges (a few sentences): None.

Suggested unit/department to address implementation: Institute of Sustainability, Energy, and the Environment
Anticipated level of budget and/or policy impact (low, medium, high): Low.

Individual comments are required from each SWATeam member (can be brief, if member fully agrees):
