Urbana, IL 61801

Dear Ms. Liebowitz:

As Associate Registrar – Facility Management and Scheduling, my unit is responsible for scheduling all academic classes, exams, and events--such as Registered Student Organization meetings, in classrooms controlled centrally by the Office of the Provost (known as general assignment classrooms). I support the SSC grant application for Classroom LED Upgrades. The grant would pay for retrofitting existing incandescent light fixtures in general assignment classrooms across campus with new LED lamps. This will significantly reduce the energy use for lighting in these spaces, improve student and faculty experiences, and reduce maintenance and land fill waste.

All of these classrooms are used heavily, and I'm able to provide supporting usage information if needed.

Sincerely,

Kristin McMurray
