**Funding Award and Acceptance Letter**

April 25, 2019

Project: Vision Zero for UI

Dear Mx. Benekohal:

On behalf of the University of Illinois at Urbana-Champaign Student Sustainability Committee (SSC), I would like to thank you for considering the funds raised by the Sustainable Campus Environment Fee to implement a project that improves the sustainability of our campus. SSC is pleased to inform you that we are recommending to the Institute for Sustainability, Energy, and Environment (iSEE) that your project **receives \$28,800 in grant funding**. This fully funds all items on your proposal.

In order to remain eligible for this award, you must agree to the following conditions:

1. A final report of all work completed should be provided to the SSC Program Coordinator by May 31, 2021.
2. Project status updates and detailed account statements must be provided at the end of each semester, in the method requested, until the project is completed.
3. The Contact Person will be individually responsible for all official communication and the execution of this agreement.
4. The CFOP provided for this award shall strictly be used for the money awarded in this proposal.
5. Any substantial modifications to project scope, budget, or timeline must first be approved by SSC. These requests must be submitted in a formal letter to the Chair and Program Coordinator.
6. All projects will be expected to follow campus policies and procedures as well as any applicable State and Federal laws.
7. SSC reserves the right to revoke funding if the project does not comply with the terms and conditions outlined in this letter.
8. Any press releases or educational/promotional materials involving the project should acknowledge SSC funding.
9. Any signage involving the project or events surrounding this project should include SSC's logo and/or a statement of which fee funded the project. Projects must coordinate with SSC to ensure promotion appropriately highlights the SSC's contributions to the project.

If you agree to the terms and conditions for the funding, please sign on the designated line at the bottom of this letter. If you have any questions regarding these requirements please contact the Chair, Adrian Chendra, at [chendra2@illinois.edu](mailto:chendra2@illinois.edu). You will be notified when the Institute for Sustainability, Energy, and Environment and Vice Chancellor for Student Affairs officially approves this project. Again, thank you for your interest in improving the sustainability of the University of Illinois at Urbana-Champaign. We look forward to working with you in the future.

### **Project Information**

**Project:** Vision Zero for UI

**Funding Source:** Sustainable Campus Environment Fee

**Funding Amount:** \$28,800

**Receiving Campus Unit:** Civil and Environmental Engineering

**Unit Financial Contact:** Laura N. Cooky

**E-mail:** [cooky@illinois.edu](mailto:cooky@illinois.edu)

#### **Project Description:**

Vision Zero is an international organization with the primary goal of promoting zero fatal and severe injury crashes in cities and communities. This is done by implementing practices which go beyond the traditional approaches to safety – by combining data-driven decision making with the incorporation of human error, community input, and implementing a “Safe Systems” approach. This project’s goal is to have zero traffic crashes at UIUC, making it a safer environment for students and staff. It is expected that traffic incidents will increase on campus due to the rise in bike ridership and construction. This project will investigate which Vision Zero principles could be implemented in order to prevent these dangers, resulting in a report that identifies the safety critical point in the transportation network that can be improved according to Vision Zero.
