Marika Nell
Committee Chair
Student Sustainability Committee

Dear Marika,

I am pleased to provide \$750,000 in seed funds to assist in the support of the Revolving Loan Fund. The projects that are slated to begin are worthwhile from both an environmental and return on investment perspective. I look forward to continuing status reports on the projects in the pipeline and future projects supported by the Revolving Loan Fund. I applaud the Student Sustainability Committee's leadership in this area.

Sincerely,

Michael J. Hogan
President
